

POSITIVO B500

THE EFFICIENT AND MODERN SMARTPOS

Positivo Tecnologia: Leadership in Payment Solutions

Founded in 1989, **Positivo Tecnologia** is one of the largest Brazilian companies in the technology sector, offering a wide range of products and services, from computers to electronic security solutions and educational technologies. Headquartered in Curitiba (PR), with offices in São Paulo (SP) and factories in Ilhéus (BA) and Manaus (AM), its presence extends internationally to countries such as Argentina, Kenya, Rwanda, China, and Taiwan, with brands such as Positivo, Positivo Casa Inteligente, Positivo Servers & Solutions, PositivoSEG, VAIO, Infinix, and Educacional - Technology and Innovation Ecosystem.

A leader in the Brazilian SmartPOS market, Positivo Soluções em Pagamentos is distinguished by its innovation and focus on solutions that simplify clients' businesses. Its success is driven by the application of advanced knowledge, especially in the development of Android devices adapted to market demands, ensuring high performance and functionality.

Furthermore, the company demonstrates competence in manufacturing electronic devices aligned with global trends, understanding local demands. These strategies consolidate Positivo Technology as a market reference, providing innovative and quality solutions that meet customer needs and **set trends in the global payment technology landscape**.

Line B

- Positivo B500 is a complete terminal with exceptional performance to meet any business need. Since it has a Linux operating system, a market standard, the retailer is already familiar with how to use the terminal.

B500

THE EFFICIENT AND MODERN SMARTPOS

- The Positivo B500 POS provides an efficient payment process with a high-performance chipset together with a fast printer.
- With high connectivity, the B500 has mobile data in 4G, 3G or 2G, dual band Wi-Fi and Bluetooth 5.0
- Don't miss a transaction, the B500 accepts payments with NFC, Chip and magnetic cards, in addition to having a rear camera for reading QR Codes.
- Bring clarity and security to your financial transaction with the 3.5" HVGA capacitive display and PCI 6.X security certification
